VALLEY*

SUBSTITUTE TEACHERS

- In Denmark at least 11% of the classes are handled with substitute teachers
- Every 5'th teacher does not have a teachers education.
- 37% of the music teachers do not hold an education
- In music the competencies are given from the management at the local school
- This is not a critique, not a political movement – this is one way of meeting this problem
- Less time for preparation
- E-mat, Matematikfessor – portals for other subjects with great standards.

THE CONCEPT & THE MISSION

- [Uncle Henrik - the webpage\(beta-version\)](#)
- Musical Identity
- "The push up – kid"
- I got music under my skin
- Imitation, improvisation, innovation
- Inductive learning spaces.

FEEDBACK KIDS & TEACHERS

- This material is tested on kids. 1. to 3. grade, age of 6-10.
- "When will you be back"?
- "This has been the most fun class" - from the introvert girl sitting on the back row. During the class i feared that she might find it to overwhelming.
- Peter, 40 years old, 15 years of work experience, has been assigned for music teaching, but has no education within music, teaches through youtube.
- "This is exactly for a teacher like me".

THE ENTREPRENEURIAL SIDE

- How can I use my unique skills?
- A teachers background, songwriting & performing?
- How would I like to spend my working life?
- Those are questions we all need to ask ourselves.
- I'm gigging every weekend at private/company parties, teaching and playing. Right now I'm letting go of my cash cows to make room
